

Verstraete.team – Project Manager- Renovation & Restoration Projects

Your challenge

Together with your construction team, you are responsible for the execution of each unique renovation and restoration project, from structural work to finishing, in which our own team of carpenters transforms solid wood into windows, doors, gates, facade cladding, oak roof trusses and outbuildings, timber frame construction and custom interiors.

Delivering results for you means a correct qualitative execution, according to predetermined budget and within the foreseen deadline. You do this by meticulous planning, purchase of materials and subcontractors and good work preparation. You are the point of contact for the architect, client and all parties involved. You are supported by a Business Unit Manager and can also rely on the full team of fellow project managers, buyers and draughtsman-work preparers.

Expectations?

In the meantime, your Master's degree in construction engineering can enrich you with several years of experience in a similar position as a project or site manager. If you have an additional passion for renovation or restoration work, you will immediately feel at home with Verstraete.team. If you feel strongly about values such as respect, open communication and ownership, you are cut from the right cloth.

What are we offering?

We work daily to be the construction company of the future. This by a.o.

- Modern technology: BIM and data-driven software that support you in your challenge
- Co-creations with study firms, architects and contractors.
- An inspiring workplace, driven colleagues and our verstraete.academy to exchange knowledge and experience. Relax with colleagues about noon or after work during a game of darts, table soccer or tennis.
- Fun projects, which you will sometimes take your friends and family to, because that's how special they are!
- A motivating remuneration policy with numerous fringe benefits such as company car, meal vouchers, a pension savings plan and hospitalization insurance for the family, an optional bicycle lease plan, etc.
